COUNTRY	East Germany	REPORT	
TOPIC	Soviet Fuel Depots		
EVALUATION		PLACE OBTAINED	
DATE OF CONTENT		638573	25X1
DATE OBTAINED		DATE PREPARED	30 July 1954
REFERENCES	3		
PAGES		ENCLOSURES (NO. & TYPE)	
REMARKS	This is UNEVALUATED		
			25X1

1. The following installations were under construction in the fuel depot at Mixdorf in late June 1954:

a garage for 14 trucks;

two oil bunkers the same size as those built in 1952;

a bunker for lubricants.

An apartment house with 8 apartments for officers was under construction outside the depot. Work along the road from Mixdorf to the depot was almost completed. Trucks

were identified at the installation. No German personnel was employed in the depot at the time of observation. 1

2. The following is a complete list of incoming and outgoing rail shipments of Mixdorf fuel depot in June 1954:

Incoming:

20 June, 3 tank cars with gasoline from Grosskorbetha for Unit

Outgoing:

5 June, 1 tank car of gasoline to Cottbus, from Unit

and 1 tank car of gasoline to Haldensleben, 2

4

- Comment. The two trucks belong to the GSFG.
- Comment. Supply traffic at the depot is still very low.
- Comment. The motor vehicles belong to the GSFG, to army troops of the Third Gds Mech Army and to the 9th Mech Div. The volume of incoming shipments at Kummersdorf fuel depot amounted to 12 carloads in June and is therefore below the average volume of the first half of 1954 of 22 carloads per month. [redacted] has probably been misread and should read [redacted] belongs to the 56th Transport Regt of the GSFG. [redacted] presumably is a fuel depot (barrels) of the Second Gds Mech Army.

4. [REDACTED] Comment. The low volume of 9 outgoing shipments from Strassgraebchen-Bernsdorf cannot yet be interpreted. It is far below the volume of the preceding months (82 carloads in February, 164 carloads in March and 44 carloads in April). No rail shipments were dispatched to troops in May. Similar observations were made in Velten.
